

KITS FOR KIDS

*Thank you for partnering with BGR to send **hope** and school supplies to kids who need them most! Your kit will give a child the chance to learn, grow, and succeed. He or she will treasure your gifts!*

PACKING NOTES

One kit will cost around \$15 or less.

Baptist Global Response (BGR) has researched and worked with partner organizations to determine the best resources to include in the kits. For uniformity in packing and shipping as well as customs approval in recipient countries, please only provide completed kits that match the detailed list. Varying kits and materials may delay shipments and in some cases may mean that the kits will not be accepted into a country.

All kits must include all of the requested items. Some items listed are available in bulk or are only available in quantities larger than needed.

Purchase new items and, when stated, use only the brands included on the shopping list. Please refrain from adding cards, letters, photos, directories, bulletins or ANY other items that are not specifically identified in the instructions. **Good intentions can inadvertently cause delays with customs or compromise the safety of our partners living in the field.**

“Receiving the school kit ... was a very great thing which will help me a lot. I will use the school kit for my future projects at school, which will help me progress in my academic work.”
