GIVING IDEAS  
INSIDE

BAPTIST GLOBAL RESPONSE

# What's inside?

**W**ait, please. **Don't turn the page!** Not yet, anyway. Because you know what's inside. You know you'll find powerful pictures and stories that show you ways to use your finances to make an impact for the Kingdom.

You know that, and you know you'll probably flip through quickly now and then set it aside until later.

But some of the people your gifts help have immediate needs. Your gift today means hope for one more person tomorrow, one more family next week.

So, before you start skimming, please do one thing for us: close your eyes, place your hand on these words, and **ask God to lay a burden of love on your heart.**

Because what's inside aren't just novel items you can buy for people going through hard times—it's food for a starving child, shelter for a family running for their lives, life-saving care for a pregnant mother.

So pray, and *then* flip through or read as carefully as you please, trusting God will point you to the place where you should invest your resources, be it helping a family grow their own food or helping a young girl escape human trafficking.

**Then take action now to give one of the most important gifts you'll give this year.**

# How to use the BGR Gift Catalog

We're excited you have chosen to give to someone in need through BGR. Your gift will not only impact a family in a real, tangible way but it will also show them Christ's love.

Use this Gift Catalog to inspire your family and church to spread the joy of giving!

## INDIVIDUALS AND FAMILIES

- Find the perfect birthday gift for the person who doesn't need anything.
- Let your children pick out their favorite catalog item and encourage them to save money to purchase it.
- Rally your friends and family to give a large gift, such as a water well or a new home.
- Create a Facebook fundraiser for your favorite catalog item and share it with your friends.

## CHURCHES AND GROUPS

- Challenge your small group to give items from the BGR Gift Catalog to each other for holidays and birthdays.
- Set a church-wide goal for giving, such as 100 goats or 20 cows. Encourage members to participate!
- Fundraise for BGR during Vacation Bible School and see who can raise more money—girls or boys!

*Behold I have given you every plant yielding seed...you shall have them for food. (Genesis 1:29)*

## Agriculture & Livestock

**Y**ou may enjoy growing your own fresh tomatoes or collecting fresh eggs from your own backyard chickens, but for many of the world's hungry, like farmer Piolo, gardens and livestock are the primary source of food and income.

Piolo sold food to people in the city but still didn't have enough money for his family. In between planting and harvesting, Piolo would walk to town with two buckets on his shoulders—the badge worn by a vendor of *taho*, a popular sweet treat.

Two out of every five people in the world live in extreme poverty, and many of those live in rural communities that are the most vulnerable to climate and economic events. BGR projects have proven to be sustainable, economic, and effective in making agriculture benefit farmers, too—but farmers must first learn about them. *Your financial gift helps BGR equip Piolo and his fellow rural farmers with training, starter seeds, and livestock so they can make their families self-sufficient.*

Donors like you helped Piolo learn how to raise and sell hogs. Now he makes enough to provide for his wife and eight children and to invest in his *taho* business. The purchase of a motorbike means he can make the trip to town more easily. Even better, he says, it means he can get home earlier to be with his family!

Such small gifts—a cow, a chicken, some seeds—yet with them you can put a family on the path to **achieving the dignity of providing for themselves**. Give today to plant the seeds of tomorrow for a family like Piolo's.

*bundle*

**BUY THE FARM!  
PURCHASE ALL AGRICULTURE AND  
LIVESTOCK ITEMS FOR**

**\$588**

## PAIR OF PIGS

# \$50

Pigs can produce at least 10 piglets from each pregnancy and may have two litters each year. Farmers receive better varieties that grow quickly, so they can sell them within a few months and feed their families. Farmers are also trained on how to raise them properly and improve their pig raising.

*You shall give to him freely, and your heart shall not be grudging when you give to him, because for this the LORD your God will bless you in all your work and in all that you undertake. (Deuteronomy 15:10)*

## SEEDS

# \$10

By providing starter seeds and training in gardening, you can transform families like Azra's. Her husband is a fisherman and barely makes enough to feed their three children. Since receiving a kit of starter seeds, Azra has grown local and better varieties of vegetables to provide vital nutrition for her family and additional income by selling some of her produce.

*You cause the grass to grow for the livestock and plants for man to cultivate, that he may bring forth food from the earth. (Psalm 104:14)*

**10 CHICKENS****\$25**

Giving a family chickens is an excellent way to combat hunger. Chickens are easy and inexpensive to care for, and they can be raised and bred in small areas. Their eggs provide a nutritious source of food for a family and can be sold for extra income.

*And God blessed them saying, “Be fruitful and multiply and fill the waters in the seas, and let birds multiply on the earth.” (Genesis 1:22)*

**GOAT****\$75**

When you give someone a goat, you provide them with a good source of nutritious milk, and they can earn a sustainable income by selling excess milk and breeding the goat. A goat gave Zaid, who hadn't worked since he was crippled in an accident, a way to earn a living. Now he's saving the money he earns from selling the newborn goats to open a small grocery store.

*And God said, “Let the earth bring forth the living creature after his kind, cattle, and creeping thing, and beast of the earth after his kind.” And it was so. (Genesis 1:24)*

PAIR OF RABBITS

\$25

Rabbits reproduce rapidly and are a low-cost source of food and income for a family. Nanda is a widow raising her young grandson alone. She received a pair of rabbits from friends like you. Since then, she has already raised more than 30 rabbits to sell!

*Do not neglect to do good and to share what you have, for such sacrifices are pleasing to God. (Hebrews 13:16)*

COW

\$300

*Share the cost:*

\$50

Cows are especially useful for people with access to large grazing areas. They generate nutritious milk and provide owners with sustainable income through the sale of excess milk and calves. When you give a family a cow, you give them years of financial security.

*Where there are no oxen, the manger is clean, but abundant crops come by the strength of the ox. (Proverbs 14:4)*

## 10 FISH

# \$3

You can help a family grow fish in a small pond or tank—just like Bakti does. He received fish hatchlings that now supplement his family's diet. Ten fish grow and reproduce rapidly, and they're inexpensive to keep.

*For he satisfies the longing soul, and the hungry soul he fills with good things. (Psalm 107:9)*

## SHEEP

# \$100

A family might spend years trying to make enough income from their farm to sustain themselves. But they can still be hungry. When friends like you give them a sheep, their financial situation improves. The family uses the sheep's wool, milk, and meat to earn an income.

*He will tend his flock like a shepherd; he will gather the lambs in his arms... (Isaiah 40:11)*

# Human Trafficking

**N**ita's story shows how human trafficking is not just about being rescued; **there's also a long process of recovery.**

Nita came to a rescue home a severely damaged young woman. She had witnessed the deaths of her father and other members of her family, and she had been abused and exploited by several people, including a person of power.

The staff worried about Nita because she rarely spoke and would often fall ill, even though she had no medical problems. But they knew that Nita faced a situation too horrifying for any person. Everywhere she turned she was reminded of her past.

**Traffickers take advantage of society's forgotten—what Jesus called “the least of these.”** In Matthew 25:40, he says, “whatever you did for one of the least of these brothers and sisters of mine, you did for me.” You allow BGR to receive and heal those damaged by trafficking and exploitation in the name of Jesus.

Give now to provide a safe place for abused girls. Your gift helps trafficked girls begin the long road to recovery and a new life in the loving care of the people of God.

*But let justice roll down like waters, and righteousness like an ever-flowing stream. (Amos 5:24)*

*bundle*

**BUY ONE MONTH  
OF HEALING FOR**

**\$325**

**(30 DAYS OF A SAFE PLACE +  
ONE MONTH MEDICAL CARE)**

## A SAFE PLACE FOR A DAY

# \$10

Shelters are provided for children and women rescued from human trafficking—or at risk of being trafficked. Kareena escaped to one of these shelters after being sold to different people and kept against her will. Now she's healing from the abuse and dreams of becoming a teacher. You can help more trafficking victims find hope and restoration.

*Open your mouth, judge righteously, defend the rights of the poor and needy. (Proverbs 31:9)*

## MEDICAL CARE FOR A MONTH

# \$25

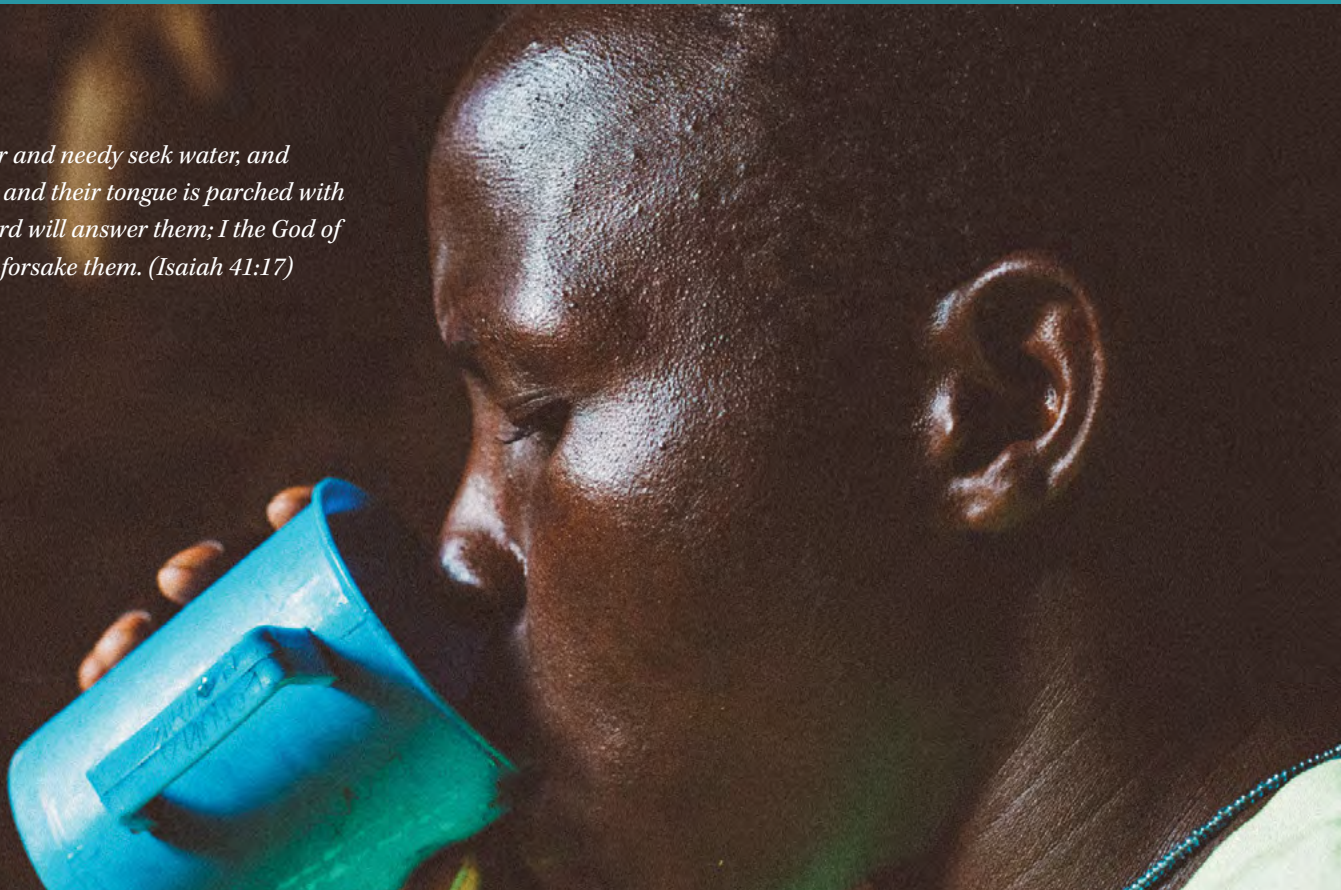

Formerly trafficked children like Minoti often have serious medical and health care needs. She was forced to work 20 hours a day and was frequently mistreated and abused. After escaping to a BGR shelter, Minoti is slowly healing physically and emotionally—and she needs specialized care.

*Arise, O Lord, O God, lift up your hand; forget not the afflicted. (Psalm 10:12)*

*When the poor and needy seek water, and there is none, and their tongue is parched with thirst, I the Lord will answer them; I the God of Israel will not forsake them. (Isaiah 41:17)*

## Clean Water

**C**lean water issues in your local community can cause concern for your children's health, but what if you were told your child had a **60% chance of dying from a water-borne illness?** That was the case for Shoaib's small village. Most of the men are poor laborers working for wealthy landowners. Everyone drank from a dirty canal nearby and was often in danger of water-borne sickness or death—especially kids.

BGR donors provided two wells—which Shoaib and his large extended family helped to dig and install. The community now knows the basic security of having clean drinking water, and they have become a hub for nearby villages who also need clean water.

Your gift of a well or filter sends **the simple message that God wants everyone—rich or poor—to have access to such a basic thing as clean water.** Your gift tells families like Shoaib's that their children matter to you and to God.

Your gift also shows the love of Christ as our teams work beside and educate local villagers in community health education.

Give today to provide water filters, community water systems, and water health education to thirsty people and communities all over the world.

## WATER WELL

# \$1,000

Everybody needs access to clean water. But many villages around the world are still without a well. Jacob's school now has one, and he has plenty of safe water to drink. He can even bathe regularly and play in clean clothing! By installing community water systems, entire villages can have clean water for years to come.

*...but whoever drinks of the water that I will give him will never be thirsty again. (John 4:14)*

## WATER FILTER

# \$25

In some places, people drink contaminated water that makes them sick. Water filters and basic education about how to sterilize pots and cook off the ground can save many lives. With one water filter, you can supply clean water for a family of five to six people for a year.

*For truly, I say to you, whoever gives you a cup of water to drink because you bear the name of Christ will by no means lose the reward. (Mark 9:41)*

# Health Care

*For I will restore health to you, and your wounds I will heal, declares the Lord, because they have called you an outcast. (Jeremiah 30:17)*

**T**he baby was coming, but Jehan and her midwife knew something was wrong. Jehan lives in a poor, mountainous region of her Asian country. The only way to get her to the hospital was for her family to carry her on a woven mat. She arrived at 1 a.m. in critical condition, and staff immediately and prayerfully began to assist her.

Two hours later Jehan delivered a healthy baby girl. Her husband credits the BGR-supported clinic workers with saving the baby, and Jehan believes they saved her life.

While we in developed countries have ready access to advanced medical treatment, the world's

poorest communities often lack even basic resources. Nine out of ten of Jehan's neighbors live in poverty, and many villages in the area lack roads that could take them to care centers.

Your gift of medical supplies helps BGR and its partners provide for impoverished communities and in cases of disaster. You can equip doctors and nurses to be the hands and feet of the God who heals, and you can help alleviate the dangers to mothers and children in poor, remote areas.

If God has given you a heart for protecting the health of women and children, give a health care gift today.

## PERSONAL CARE KIT

# \$20

Most refugees and disaster survivors lose everything. To them, basic hygiene items like soap, toothpaste, toothbrushes, and shampoo are priceless. These items help people maintain their health and dignity in desperate situations.

*Bless the LORD, O my soul, and forget not all his benefits, who forgives all your iniquity, who heals all your diseases... (Psalm 103:2-3)*

## MEDICAL CLINIC SUPPLIES

# \$100

Thousands of people depend on mobile clinics and rural hospitals for lifesaving medical care. Khaltouma got treatment and antibiotics for an abscess that was preventing her from eating. But many others are turned away when clinics aren't fully stocked. You can ensure more people get the medical care they desperately need.

*Beloved, I pray that all may go well with you and that you may be in good health, as it goes well with your soul. (3 John 1:2)*

# 5 Ways to Use the BGR Gift Catalog with Kids

One of the greatest gifts a parent can give a child is an understanding of compassion and a sense of self-efficacy. As children learn about the needs of others, they can also be taught that they can do something to help and be guided in the process of responding to a need. The BGR catalog is a wonderful tool to begin integrating these concepts into your child's world.

Here are just a few ways you can use the BGR catalog with the children in your life.

**1.** Select an item from the catalog together and find ways to creatively fundraise for it. Here are a few ideas to get you started:

- **Hold a bake sale or lemonade stand.** Let your kids shop for the ingredients, prepare the items, and set up a stand at the end of your driveway, in a nearby park, at your church, or other location. (Call ahead to make sure you are allowed to sell items at your locale of choice!)
- **Have an art show.** Let your child's inner Picasso come out by creating paintings or crafts to sell in your neighborhood or other approved, safe location.
- **Yard sales are always a great fundraiser.** For this yard sale, help your children sort through their clothes, toys, games, and other items. Help them price the items, talk to customers at the sale, and handle the money exchange.

- **Don't forget to advertise!** Whatever sale you decide to have, let your kids make flyers to pass around town, in your church, or at their school. You could also consider contacting community calendars, informing your child's teacher of the event, or even posting an announcement online.

**2.** Give an animal, get an animal! Let your child pick out an animal in the catalog to donate and get them a stuffed replica! Encourage them to keep that stuffed animal in a place they will see it every day as a reminder to pray for the family who will receive the animal you donated.

**3.** It's better to give than to get! Let your kids experience the truth of this sentiment by "giving their birthday" to BGR. Instead of asking for presents, they can ask friends and family for ten fish, chickens, or water filters!

**4.** Make prayer a habit! Pick an item with your child to donate. Then, pray for the recipient of that gift every night or every morning.

**5.** Keep the change! Every time you break a dollar, let your child keep the change in a piggy bank or jar. At the end of the month, count out the money to see how much they can donate to BGR! If they want to donate a more expensive item, teach them the value of saving month to month until they reach their goal.

# Our Core Values

**BAPTIST GLOBAL RESPONSE (BGR)** is a disaster relief and community development organization with a heart for helping people in desperate need. We seek to demonstrate the love of God so people have opportunities to experience the full and meaningful lives He created them to enjoy. Our desire is to see people live their lives with hope and peace, inspired to raise their families in confidence, to build their communities with dignity, and to share this life with others.

- 1 We are Christ-centered and people-focused; we have a passion for God and compassion for the suffering and needy.
- 2 We are committed to excellence and integrity; we do what is right by offering quality solutions to people's needs.
- 3 We love God and have an unconditional love for others; we care about our relationships.
- 4 We work in unity and with transparency; we love one another, and we are who we say we are.
- 5 We believe in community and reproducibility; we believe that people working together can do amazing things and that people should share the blessings they receive with others.

# Women & Children

**I**t was true in biblical times, and it's true today: women and children are some of the most vulnerable people in any society.

Maybe that's why God talks about them so much. In places with the worst poverty or oppression, women and children's suffering is most extreme. In patriarchal societies, the suffering of women may seem invisible because they are kept out of public life.

**But God sees them,** and His heart breaks for them.

With your help, BGR becomes the eyes, ears, and hands of God to minister to the needs of women and children.

Impoverished women do amazing things when given the right support (for examples, look no further than the Disaster Response and Microenterprise sections of this catalog). We are dedicated to doing more, and *we want you to join us.*

Your gift today can give a mother the comfort of knowing her children can eat tomorrow or that her newborn daughter will survive the week despite a food shortage.

Your gift can help prepare a woman to become a new mother when she lacks adequate social and educational support.

There are few better ways to show God's love than to care for the people most on God's heart. Give today to show a mother and her children that, though they may feel invisible, **Christ sees them.**

*Religion that is pure and undefiled before God the Father is this: to visit orphans and widows in their affliction... (James 1:27)*

## FEED A HUNGRY CHILD FOR A WEEK

# \$3.50

Thousands of children in schools, orphanages, refugee families, and impoverished communities are underfed and risk malnutrition. Andrew is one such child and is almost always hungry. You can provide a hot, nutritious meal five times a week to children like him.

*Whoever has a bountiful eye will be blessed, for he shares his bread with the poor. (Proverbs 22:9)*

*bundle*

## FEED A HUNGRY CHILD FOR A YEAR

# \$182

Give children the energy they need to learn and play. Provide hot, nutritional meals to a child for an entire year!

*If you pour yourself out for the hungry and satisfy the desire of the afflicted, then shall your light rise in the darkness and your gloom be as the noonday. (Isaiah 58:10)*

## CHILDBIRTH CLASSES

**\$50**

Prenatal care is virtually nonexistent in many areas, and some traditional practices and superstitious rituals can be extremely harmful. One woman saved her daughter-in-law and her baby during labor using techniques she learned in childbirth classes. To increase the survival rate of babies and their mothers, more women need these classes!

*But we were gentle among you, like a nursing mother taking care of her own children.*

*(1 Thessalonians 2:7)*

## INFANT FORMULA

**\$20**

In areas affected by war or disaster, many nursing mothers are severely malnourished and can't produce enough milk to feed their babies. Other infants have been orphaned or abandoned. These children need infant formula to survive.

*Now they were bringing even infants to him that he might touch them. (Luke 18:15)*

*For you have been a stronghold to the poor, a stronghold to the needy in his distress, a shelter from the storm and a shade from the heat; for the breath of the ruthless is like a storm against a wall. (Isaiah 25:4)*

# Disaster Response

**H**urricane Irma, the Guatemalan volcano eruption, the Rohingya crisis. When natural or man-made disaster strikes, the magnitude of the damage and casualties overwhelms us and grieves our hearts. We want to know what we can do.

Your gift of a home, cookware, or even a tarp may feel small, **but small gifts make a huge impact** on a single person or on a family. And that's how we begin to rebuild communities.

Christine is a 75-year-old widow in the Caribbean. She is the sole caregiver for her wheelchair-bound adult daughter, Violetta. When Hurricane Irma swept through the islands, it hit their home hard. Fortunately, the structure survived, but they needed clean water and a new wheelchair ramp among other essentials. Another daughter's home, next door, was completely gone, and she and her three children had to move in with Christine.

**Because of support from people like you, BGR was there to help.** You helped to replace the water pipes and ramp as well as windows, doors, and paint so the house was livable again. The local team leader continues to offer what support he can, but they still need new furniture and the financial means to survive as a household of six.

Your gift can help refurnish Christine's home or replace her daughter's—or her other neighbors' homes. Give today so when the next disaster happens, BGR can act quickly to provide food and shelter for families most affected.

*bundle*

**NEW BEGINNINGS BUNDLE**

**\$2,100**

**(1 NEW HOME, 2 COOKING SETS,  
5 TARPS)**

NEW HOME

\$2,000

*Share the cost.*

PURCHASE ¼ OF A HOME FOR

\$500

Disasters like earthquakes, hurricanes, fires, and floods destroy countless homes every year. After a fire swept through Lingay's neighborhood, he was living in a makeshift shelter with his wife and four children. Without your help, it can take years for a family to rebuild their home.

*They shall not hunger or thirst, neither scorching wind nor sun shall strike them... (Isaiah 49:10)*

COOKING SET

\$25

When a disaster occurs and people lose all of their possessions, they have to start over. One of their first requests is extremely practical: pots, pans, plates, and utensils. This cooking set is essential for daily life and shows people in crisis that you care about them.

*The LORD does not let the righteous go hungry, but he thwarts the craving of the wicked. (Proverbs 10:3)*

## TARP \$10

Immediately after a disaster, finding temporary shelter is a top priority. Often the structures left standing are not safe, and it takes months to build temporary housing. Simple tarps protect survivors from the weather and give them places to sleep when they have nowhere else to go.

*The Lord is your keeper; the Lord is your shade on your right hand. (Psalm 121:5)*

*For he himself is our peace, who has made us both one and has broken down in his flesh the dividing wall of hostility...  
(Ephesians 2:14)*

## Refugee Relief

**I** magine being told you had to leave your home suddenly, in the night. What would you take with you? How would it feel to look back on your home as you hike into the hills, not knowing if you will ever see it again?

How bad would things have to get before you took such a step?

Maybe it starts with unjust laws by harsh authorities. There's a curfew, now, and people are killed on any suspicion of disobeying. Food and water become scarce. You look at your family each night not knowing what you will feed them the next day.

Then a soldier knocks on your door and says your son must join them, and become one of their fighters. What would you do?

Mahmoud and his family faced just this situation. They were content farming wheat, barley, and vegetables in their small mountain village. Then an extremist group moved in with their violent rule. They began killing people, including some

of Mahmoud's family and neighbors. **They told the village they would take their children for soldiers.**

What could he do? Mahmoud pulled his son out of school, packed up a few belongings, and moved his family to a refugee camp in the provincial capital.

Now they are safe, but they face new challenges. Mahmoud is grateful for the help he has already received from people like you. But families in the camps struggle day to day to get adequate food and water. The children lack schooling, and the cold winters mean they need to stockpile plenty of fuel. All this while they look for work in the city.

Your gifts of blankets, food, etc., will help us distribute relief kits to families like Mahmoud's. Your support helps show Mahmoud and his new community that Christ is the God of the stranger—that **for Christ there are no strangers.** Give today to give Mahmoud a tomorrow.

## BLANKET

# \$10

Many refugees battle to survive cold winters, with children and the elderly most at risk. Warm blankets are critical for keeping people alive in subzero temperatures when they have no access to heating.

*If a brother or sister is poorly clothed...and one of you says to them, 'Go in peace, be warmed and filled,'...what good is that? (James 2:15-16)*

## FOOD BOX

# \$50

Most refugee families have endured disasters or fled armed conflicts. Masoud's family fled Syria and settled in a neighboring country—but it's hard to find work. By providing a food packet, you can feed a family of six for one month. It contains staple items like rice, flour, salt, oil, sugar, and tea.

*Is it not to share your bread with the hungry and bring the homeless poor into your house... (Isaiah 58:7)*

*Whatever you do, work heartily, as for the Lord and not for men. (Colossians 3:23)*

# Microenterprise & Job Skills

**W**ith a little training and a little money, people can do amazing things to make lives for themselves and their families. While our relief programs help people find stability in their lives, our **microenterprise and job skills programs help people build brighter futures for themselves.**

A simple course at a sewing training center in South Asia empowers women to earn incomes as secondary and even primary breadwinners. Sometimes, as in the case of Kishwar, they can use their income to fund further education.

Kishwar lives with her mother and younger brother; her father abandoned them years ago. Because of your donations, she took a class and learned sewing and henna art and then went into business for herself. **With the money she**

**earns, she can help her family as well as take computer classes at the local college.** One day, she will be able to do even more for her family with a job in computers.

Your gift of a training or a sewing kit gives women practical skills they can use to change their lives. BGR partners have seen God change Kishwar's life. Your gift can touch another young woman in the same way. Give today to invest in a young person's future independence.

*bundle*

**FUND A CLASS**

**\$350**

**(SEWING KITS FOR A CLASS OF 5 STUDENTS)**

## SEWING KIT

# \$70

Because of the loan program friends like you helped fund, Saba was able to purchase her very own sewing kit—containing all the basic equipment and supplies she needed to sew for a living. This enabled her to provide an income for her family after her husband was disabled in an accident.

*She seeks wool and flax, and works with willing hands. She makes linen garments and sells them; she delivers sashes to the merchant. (Proverbs 31:13, 24)*

## VOCATIONAL TRAINING AND TOOLS

# \$400

Many families languish in poverty because they don't have the skills to earn higher incomes. By providing people with job skills training—and the tools or equipment they need to get started—you empower them to become self-sufficient and feel a sense of dignity.

*Let the favor of the Lord our God be upon us, and establish the work of our hands upon us. (Psalm 90:17)*

Baptist Global Response is a 501(c)(3) organization. All gifts are tax-deductible to the full extent allowed by law. We highly value your donation and promise to honor the generosity and intent of your gift in the most effective and efficient way possible. No more than 10% of each gift will be used to offset supporting activities. The items in this catalog reflect BGR's specific ministry categories. The donation amounts are based on actual projects and average costs at the time of writing. BGR will seek to use your gift to meet the most crucial needs within the designated ministry category. When the needs of a particular project or ministry category have been met, gifts will be used in a similar area where the need is greatest. Contributions are solicited with the understanding that Baptist Global Response has complete discretion over the use of all donated funds. No goods or services will be provided to the donor in exchange for any contribution.

Each gift from this catalog will be applied where the need is greatest. Some names and photos may be changed for security.

## *Who we are*

**Baptist Global Response (BGR)** is a disaster relief and community development organization with a heart for helping people in desperate need.

Through the gifts and prayers of friends like you, BGR and its partners are able to help people with critical needs that arise from chronic conditions such as extreme poverty, contaminated water, or endemic hunger. We also serve those facing acute crises such as natural disaster, personal trauma, or social upheaval.

In every case, BGR—together with you—demonstrates the love of Christ and empowers people in need to live with hope and peace.
